

# FRASER RIVER MIDDLE SCHOOL

604-517-1800

## PRINCIPAL'S MESSAGE

I usually avoid using the principal's message to discuss an issue related to the school but I feel this is far too important not to draw this to your attention. There has been several near misses and many dangerous situations observed during drop off and pick up time at school. Many people have reported and staff have seen:

- Students running across Queens, not using the cross walk
- Students exiting the car in the middle of the road and running across the road
- Drivers blocking traffic on Queens and waving for their children to run to the car
- Drivers making U-turns on Queens in front of the school
- Drivers speeding up and down Queens and 8th Street

The crossing guard has also said that sometimes students crossing over Queen's towards the school do not wait until all is clear. She said that there are often cars that fly down Queens not stopping as the light turns yellow. If you could please talk to your child about waiting until it is clear and not just crossing when the light turns green.

It is important that our students are safe and if we all work together we can avoid any accidents.

Thank you in advance.

Debbie Jones
